Dear Mr Sandhu

On behalf of the deaf children, adults and families we work with, we would like to thank you most sincerely for your generous donation of £5,000, which is very much appreciated.

As you will be aware, The Ear Foundation has developed a world renowned centre for family support, education and family-centred research, initially focussing its work on profoundly deaf children with cochlear implants. Its programme now includes the ever increasing number of adults, as well as other hearing technologies, to ensure seamless provision of the best of all modern hearing technology for deaf individuals throughout their lifetime. We provide:

- User and Family support and information
- Continuing Education Programme for Users, families and professionals
- Clinical Support Services
- User & Family Focussed Research Programme
- Accommodation for families attending appointments at the Nottingham Cochlear Implant Centre

This donation will be of great benefit to services The Ear Foundation offers, and we are very grateful for your support to our Charity, particularly in these challenging times for us all.

May we take this opportunity to thank you for reconsidering our application and congratulate you on your 20<sup>th</sup> Anniversary!

With grateful thanks once again.

Yours sincerely

Jo Collinson
