Dear Bim

3 Peaks Challenge – 7 September – Helen Rollason Cancer Charity

Thank you very much for your kind donation of £5,000 towards the 3 Peaks Challenge, Graham, Richard, Deval and Radley are great supporters and we wish them all well with their challenge.

Through our network of cancer support centres, the charity is currently providing 750 appointments for complementary therapies, counselling and manual lymphatic drainage to cancer patients every month. One of our clients recently summed up what our centres encompass: "A peaceful and wonderful escape after coping with emotional and physical stress and anxiety from cancer and chemo treatments".

More than 3000 cancer patients have benefited in the last decade from the funding provided by the charity towards clinical drugs trials undertaken in Broomfield & North Middlesex Hospitals.

And in addition, our pioneering scientific research continues at our laboratory in Chelmsford, Essex. It is hoped a greater understanding of the disease will arise from these research projects, potentially resulting in better treatment options for patients, better prognosis and higher survival rates.

We are a non funded charity and 2012 is proving a very challenging year for us, the recession is really beginning to bite, so we really appreciate the support you have given us.

Yours sincerely

Angela Lodge
