Dear Bhim,

DONATION

Thank you very much for your letter of 28th February and please accept our heartfelt appreciation for the most generous donation of £5,000.

I quite understand the many demands on your Foundation's resources, particularly in such stringent economic times, which makes your donation even more significant for us.

As you well know we are motivated by the need to promote Sikh heritage so that the values at the core of our religious and social psyche are preserved for future generations. Since 1993 we have worked diligently in ensuring that this shared heritage within the UK is highlighted to the widest possible audience. We consider this work to be both vital and urgent so that manuscripts and monuments in particular can be preserved. Sadly for a community that has been at the forefront of so many seminal historic events our capacity to preserve that legacy has been lamentable. Part of our work is to generate interest from those who will go on to become scholars so that one day the following proverb does not apply to us anymore-

"Unless the Lions tell their story, history will continue to be written by the hunters"

A Project of Maharaja Duleep Singh Centenary Trust
Charity Registration Number 1050329

We have many aspirations for the coming years, particularly as we approach the anniversary of the outbreak of World War 1, and your donation will assist our volunteers in resourcing the various initiatives we have in mind for this significant centenary.

I do hope that we will be able to welcome you to some of our forthcoming events so that you will have an opportunity to witness some of our work at first hand.

Once again heartfelt thank for this most generous gesture.

Kind regards,

Harbinder Singh
