Dear Mr Sandhu

**Thank you for your donation**

I am writing to let you know how delighted we were to receive a donation of £3000.00 today from The Sandhu Charitable Foundation in response to Ben Lee's fantastic efforts in the Royal Parks Half Marathon on 6<sup>th</sup> October 2013.

One in every four hundred children born in the UK will have cerebral palsy. Left untreated, this lifelong condition can have devastating effects, making even simple activities like getting dressed, eating or playing difficult to do.

This is where the Bobath Centre can help. We provide a unique combination of specialist physio, occupational and speech & language therapy to help children with cerebral palsy improve their independence, health and wellbeing. We also provide training for therapists, medical professionals and others working with children who have the condition.

Thank you for your support, your donation will help us to make a difference to the lives of hundreds of children affected by cerebral palsy, and their families.

Yours sincerely

Kevin Gillespie
