May 8, 2017

DEAR SIM & PARDEEP,

I was delighted to hear that your very generous donation of £15,000 came through last week to support Young Enterprise in West London.

Your continued commitment to invest in the next generation of young people in West London is incredible and gives Young Enterprise the security we need to continue to provide high-quality enterprise and financial education opportunities. Over the past three years, your support will have enabled nearly 1,170 young people to gain hands on experience of business and develop a range of employability and enterprise skills. We strive to become increasingly more efficient so your support makes greater impact, thank you for making your mark in West London and in helping us work with such a fantastic number of students.

Not only is your annual support crucial in enabling us to provide effective and consistent support to young students year after year, but also your presence at our events really demonstrates your commitment to helping our young people and helps us to build a campaign around the promotion of enterprise and financial education in all schools across the UK.

Thank you once again for your commitment to our work. I look forward to seeing you again and further demonstrating the impact of your generous support.

Very best wishes,

MICHAEL.
