Dear Mr Sandhu

Thank you very much for the generous donation of £3,000, received recently from The Sandhu Charitable Foundation. We are delighted that you have chosen to support our essential work, particularly during this challenging time. Please accept this letter as an official receipt.

Your support will help change the lives of children like Agnes (right), who has struggled with her sight since birth. Agnes' mother told us that this is a common issue for families in their area and due to this she had never tried to find treatment before Sightsavers offered screenings.

The day after her cataract surgery, Agnes was already able to make eye contact with people and play games with the other children. They played catch with a colourful ball and chased bubbles through the air. Agnes followed them intently, leaping up to pop them.

Agnes' mother was incredibly grateful for the help Sightsavers has given her daughter, but knows there is still a big job to do. She said, "They have to continue. They have to do it for other communities where there are people with such problems". Your donation helps us continue reaching some of the most marginalised people in the world with vital eye care.

Thank you once again for your generous support. If you would like any further information about our work, please do not hesitate to contact us. We would be delighted to hear from you.

With best wishes,

Anna Gritt
