

Dear Mr Sandhu,

On behalf of everyone at the Stroke Association I'd like to thank The Sandhu Charitable Foundation for choosing to support us with a gift of £2,500 which arrived in our account on Tuesday 30 March 2021.

Please take this email as receipt of the donation.

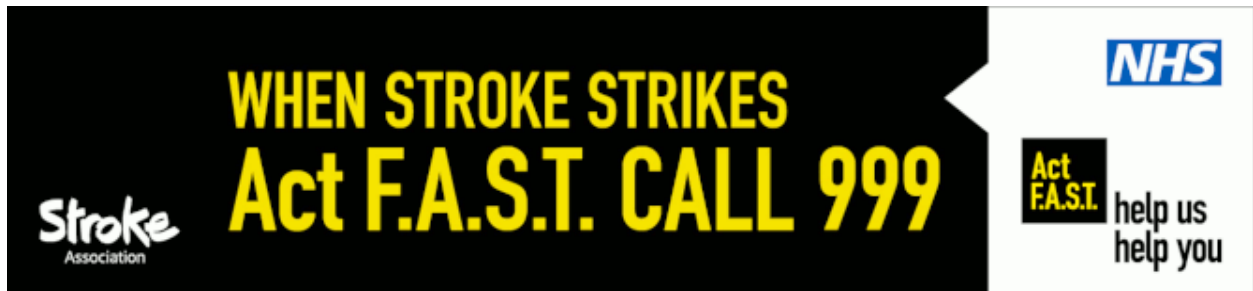

As we all learn to live with Covid-19 and adjust to a 'new normal', stroke survivors and their families must also learn to live with the physical, cognitive and emotional impacts of stroke. As you know better than most, they can't do it alone. Thanks to your support we can keep recoveries on track and ensure that everyone whose life has been affected by stroke can access the support they need to rebuild their lives.

Best wishes and a very Happy Easter to you and your family,

Emma
