Dear Bim and Pardeep,

Thank you so very much for your donation of £15,000 to Magic Bus UK. I am pleased to confirm safe receipt of this in our account for your records.

Your gift will fund the equivalent of 750 children through a Magic Bus programme for an entire year, changing hundreds of young lives for the better. Having just returned from visiting some of these programmes myself in Mumbai, I saw firsthand just what your support makes possible for young people who have so much to overcome.

**Thank you** for providing hope, opportunity, and a way out of extreme poverty for India's most disadvantaged youths. I look forward to keeping you updated on all that your generosity is making possible.

With warmest wishes,
